- Provide strategic direction on the development, prioritization and implementation of initiatives in support of relevant objectives in the Ontario Cancer Plan 6
- Establish and maintain effective links with relevant clinical communities on behalf of Ontario Health (Cancer Care Ontario)
- Continue to support the implementation of strategies to engage imaging professionals in the cancer quality agenda
- Identify, prioritize and respond to system-level cancer imaging issues
- Participate in the appointment of imaging professionals on Ontario Health (Cancer Care Ontario)'s projects and quality improvement initiatives

- Facilitate strategies and/or initiatives to address clinical, system and data gaps in cancer imaging to improve equitable, coordinated, standardized care for all patients, including marginalized and Indigenous populations, special and complex patient groups, and paediatric patients

## QUALIFICATIONS

- Radiologist or nuclear medicine physician currently practicing in Ontario
- Significant clinical, research and teaching experience in imaging, with a focus on oncology
- Proven track record of clinical leadership at the hospital and/or university level
- Recognized as an opinion leader within the imaging community
- In-depth knowledge of clinical, administrative and system-wide issues with respect to imaging services
- Demonstrated aptitude for systems thinking, an ability to analyze information and to make sound decisions
- Excellent interpersonal skills and ability to build consensus
- Strong professional presence and ability to present to large and small audiences in a concise, articulate and dynamic fashion
- Demonstrated commitment to patient focused care and public accountability
- Enthusiasm for, and commitment to, quality improvement in cancer care at the system level
- Demonstrated creativity through publication of research and/or implementation of innovative systems and ideas

## HOW TO APPLY:

Interested parties should forward their expression of interest and curriculum vitae, electronically, to **Deanna Langer, Manager, Cancer Imaging & PET Program**, care of [Deanna.langer@ontariohealth.ca](mailto:Deanna.langer@ontariohealth.ca) no later than **5:00 P.M.** on **June 9, 2024**.

We will evaluate all applications against the skills and experience requirements for the position. ## More about Ontario Health:

Ontario Health is an agency created by the Government of Ontario with a mandate to connect and coordinate Ontario's health care system in ways that have not been done before, to help ensure that Ontarians receive the best possible care.

Ontario Health oversees health care delivery across the province, which includes ensuring front-line providers and other health professionals have the tools and information they need to deliver the best possible care within their communities. This also means simplifying the current system and connecting and coordinating its many complex parts in new and innovative ways. This involves keeping a close eye on how the health system is performing and providing evidence-based standards and improvements to address any gaps.

Ontario Health helps to support significant and important transformation in Ontario's health system, working to ease the transition between points of care for Ontarians and helping to ensure they have access to the care they need. Ontario Health is adapting world-renowned practices from areas such as cancer care and renal care to other parts of the system, including mental health and addictions.

Through integration, coordination, connection, and clinical excellence, Ontario Health is working to reduce strain on the system which will enable investment of more resources on the care Ontarians need, and, most importantly, improve health outcomes and overall wellness for all.

As an operational service agency of the Government of Ontario, Ontario Health is accountable for conducting a fair and transparent process, providing equal treatment to all qualified parties, in selecting a candidate for the above mentioned role.
